this text introduces the field of communication to students who may have little or no background in communication theory its three overriding goals are to help students understand the pervasiveness of theory in their lives to demystify the theoretical process and to help students become more systematic and critical in their thinking about theory

introduces the field of communication to students who may have little or no background in communication theory the three overriding goals of this book are to help students understand the pervasiveness of theory in their lives to demystify the theoretical process and to help students become systematic and critical in their thinking about theory

with its unique skill building approach interpersonal communication provides students with the knowledge and practice they need to make effective choices as communicators in today s rapidly changing technologically advanced and diverse society rather than telling students how to communicate authors richard l west and lynn h turner integrate skill sets in each chapter so students can apply what they learn to their own lives rich with current examples and coverage of technology social media and diversity this new fifth edition makes clear connections among theory skills and the situations we all encounter daily this title is accompanied by a complete teaching and learning package in sage vantage an intuitive learning platform that integrates quality sage textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability unparalleled in its ease of use and built for dynamic teaching and learning vantage offers customizable lms integration and best in class support

a fascinating and novel exploration of the transformative role played by the american west in the development of modernism in the united states drawing extensively from various disciplines including ethnology geography geology and environmental studies this groundbreaking book addresses shifting concepts of time history and landscape in relation to the work of pioneering american artists during the first half of the 20th century paintings watercolors and photographs by renowned artists such as frederic remington georgia o keeffe ansel adams thomas hart benton dorothea lange and jackson pollock are considered alongside american indian ledger drawings tempuras and dineh sandpaintings taken together these works document the quest to create a specifically american art in the decades prior to world war ii the modern west begins with a captivating meditation on the relationship between human culture and the physical landscape by barry lopez who traveled the west in the artists footsteps emily ballew neff then describes the evolving importance of the west for american artists working out a radically new aesthetic response to space and place from artist explorers on the turn of the century frontier to visionaries of a californian arcadia to desert luminaries who found in its stark topography a natural equivalent to abstraction beautifully illustrated

and handsomely designed this book is essential to anyone interested in the west and the history of modernism in american art

to this structural analysis he adds a new account of the genre s history and its relationship to the myths of the west which have played such an influential role in american history book jacket

the american midwestessays on regional history edited by andrew r l cayton and susan e gray is there a midwest regional identity read this lively exploration of the midwestern identity crisis and find out many would say that ordinariness is the midwest s historic burden a writer living in dayton ohio recently suggested that dullness is a midwestern trait the midwest lacks grand scenery just cornfields silos prairies and the occasional hill dull he tries to put a nice face on midwestern dullness by saying that midwesterners l ike shaker furniture are plain in the best sense unadorned others have found midwestern ordinariness stultifying neil labute who makes films about mean and nasty people said he was negative because he came from indiana we re brutally honest in indiana we realize we re in the middle of nowhere and we re very sore about it from chapter five barbecued kentuckians and six foot texas rangers by nicole etcheson in a series of often highly personal essays the authors of the american midwest all of whom are experts on various aspects of midwestern history consider the question of regional identity as a useful way of thinking about the history of the american midwest they begin with the assumption that midwesterners have never been as consciously regional as western or southern americans they note the peculiar absence of the midwest from the recent revival of interest in american regionalism among both scholars and journalists these lively and well written chapters draw on personal experiences as well as a wide variety of scholarship this book will stimulate readers into thinking more concretely about what it has meant to be from the midwest and why midwesterners have traditionally been less assertive about their regional identity than other americans it suggests that the best place to find midwesternness is in the stories the residents of the region have told about themselves and each other being midwestern is mostly a state of mind it is always fluid always contested always being renegotiated even the most frequent objection to the existence of midwestern identity the fact that no one can agree on its borders is part of a larger regional conversation about the ways in which midwesterners imagine themselves and their relationships with other americans andrew r l cayton distinguished professor of history at miami university in oxford ohio is author of numerous books and articles dealing with the history of the midwest including frontier indiana indiana university press and with peter s onuf the midwest and the nation susan e gray associate professor of history at arizona state university is author of yankee west community life on the michigan frontier as well as numerous articles about midwest history midwestern history and culturejames h madison and andrew r l cayton editors july 2001256 pages 6 1 8 x 9 1 4 index append cloth 0 253 33941 3 35 00 s 26 50 contents the story of the midwest an introduction seeing the midwest with peripheral vision identities narratives and region liberating contrivances narrative and identity in ohio valley histories pigs in space or what shapes american regional cultures barbecued kentuckians and six foot texas

rangers the construction of midwestern identity pi ing the type jane grey swisshelm and the contest of midwestern regionality the great body of the republic abraham lincoln and the idea of a middle west stories written in the blood race identity and the middle west the anti region place and identity in the history of the american middle west midwestern distinctiveness middleness and the middle west

should frederick jackson turner be revered as the father of western history or reviled as a misguided advocate of a frontier spirit and rugged individualism that denied cultural diversity and produced widespread environmental destruction dividing into campus over the issue western historians place him everywhere from one end of the spectrum to the other in this provocative new interpretation of turner s life work and legacy wilbur jacobs challenges the views of traditionalists and views of traditionalists and revisionists alike from extensive research in the turner archives a nationwide search for additional turner correspondence interviews with historians and a lifetime of collecting turner anecdotes jacobs chronicles turner s professional and sometimes personal bequest through 100 years of western historical writing jacobs adds his voice to the heated debate by mixing a sophisticated critique of historical writing with stories of professional intrigue the fights to protect turner s legacy limit access to the turner archives and control the western history association he traces the intellectual development of turner s frontier theory explores the intense rivalry between two major turnerian disciples frederick merk and ray a billington as they vied for control of turner s legacy and analyzes the efforts of new western historians who seek to erase turner and billington from the landscape of what is now called the history of the west balanced in his assessments jacobs treats turner and his disciples with a sympathetic yet critical eye he points out turner s limitations in dealing with environmental racial ethnic and urban themes as well as the shortcomings of merk billington and other turnerians at the same time however jacobs illuminates the major contributions of their work despite their intense differences jacobs argues all western historians remain inextricably linked by turner s legacy

tracing the story of red lodge from the 1880s to the present christensen tells how a mining town managed to endure the vagaries of the west s unpredictable extractive industries economy she connects red lodge to a myriad of larger events and historical forces to show how national and regional influences have contributed to the development of local identities exploring how and why westerners first rejected and then embraced western images and how ethnicity wilderness and historic preservation became part of the identity that defined one town book jacket
